Facility Use

Haller Middle School opened in September 2006. The school was constructed on the site where Arlington High School was located from the 1930s to 2002. In order to build Haller, many of the former high school buildings were demolished. Exceptions to this were the gymnasium and the music buildings that were remodeled and incorporated into the new school. The new portion of the school was connected to the remodeled gym and includes a commons, administrative offices and a two-story classroom wing. Haller's campus includes one tennis court, courtyard area, baseball/softball fields, soccer/football field with grandstands, lights and a track. You are invited to become an active part of our school.

Washington State Report Card

The Washington State Report Card provides school data at the state, school district and school building level. The report card includes information like assessment results, teacher qualifications and other information. View the report card at reportcard.ospi.k12.wa.us. You can also visit your child's school if you don't have access to a computer.

School Improvement Plan

Haller has targeted two areas for school improvement. The first is attendance. We have a 3 tiered attendance plan to help increase our overall attendance and assist students with needs to help increase their attendance. The second area of focus is school culture. We are enhancing our school culture by increasing our positive feedback to both students and parents. We are also conducting a school wide book study that discusses the importance of relationships and details ways to enhance school culture.
