### Facility Use

Presidents Elementary was project number three of a four-part bond voters approved in March 2000. The building is designed to accommodate 650 students, grades kindergarten through fifth-grade. The school is located in the "Old Town" zone of Arlington, which preserves the historic quality of the traditional town center. The building design takes this intent into account, respecting the historic Roosevelt Building and other surrounds. You are invited to become an active part of our school.

### School Improvement Plan

Presidents Elementary aligns with Arlington Public School's district-wide School Improvement Plan for mathematics. Our first goal centers around teachers continuing to implement rich mathematical tasks. Teachers are adapting the curriculum in an effort to make the content more engaging and applicable to everyday life.

Our second goal focuses on cultivating a safe and caring environment for

students that supports their social emotional and academic needs. Staff is working closely with students' families to ensure resources are provided when needed in the form of supplies, technology, food, and access to mental health counseling. Teachers continue to implement PAX Good Behavior Games and celebrate individual and class successes on a frequent basis.
